

Dear Parents of \_\_\_\_\_  
First name Last Name

Our school has purchased a subscription with a number of seats to the Rocket Math Online Tutor. Your child has been assigned one seat.

The Online Tutor should be played at home as well as at school. Your child can login through any device that uses a browser such as a laptop, tablet or phone. Free apps are available for mobile devices. Earphones are important so your child can hear corrections as well as sound effects and congratulations.

**URL: [play.rocketmath.com](http://play.rocketmath.com)**

**Click enter:** → **Then complete login info**

**Or login with Clever or ClassLink**

**Download our FREE Apple or Android mobile apps or play in a web browser.**

The Rocket Math Online Tutor keeps track of your child's progress wherever he or she works, whether at home or at school. **A practice session will only last 10 minutes** and then they will be logged out for an hour. We recommend that you ask your child to show you this session completed screen, so you can know they finished their homework and congratulate them.

Practice in the Learning Track assigned to your child proceeds through 26 A to Z levels with 3 parts in each level: **Take-Off, Orbit, and Universe**. Your child will be recognized by the game for progress and they can share their progress with you. Here's to enjoying a fun way to develop fluency with math facts, making math easier and more successful.
